Dear Bauwkemper Family,

Jamie was one of us. She exhibited all of the qualities of an amazing marketing educator. Her "glass is half full" approach to all she did was refreshing.

The impact she had on our small family of marketing educators was far reaching. All who were close to her enjoyed working with her. Jaime's can do attitude was refreshing. Her committment to our state organization made her an essential part of our conferences. Her ability to give of herself to her students will always be fondly remembered. Our continued thoughts & prayers →

are with your family.

Please always know & carry with you in your hearts that Jaime will be missed by all of her colleagues across the state. The indelible mark she has left will be with us forever.

Our deepest sympathies,

WI Marketing Education's
DECA
